

Mary Gospodarowicz, MD, FRCPC, FRCR

Medical Director, Cancer Program, Princess Margaret Hospital

Professor and Chair, Department of Radiation Oncology, University of Toronto

Immediate Past President, Union for International Cancer Control

Mary Gospodarowicz (Canada) – Her record of service in the Union for International Cancer Control (UICC) stretches back two decades. She was a member of the former UICC Council, serving on the Executive Committee. She was elected to the Board of Directors from its inception, serving as a member of the Policy and Finance Committees, UICC Treasurer, Chair of the Membership Committee, and for the past two years as President-Elect. Mary Gospodarowicz is the Medical Director of the Princess Margaret Cancer Centre at the University Health Network in Toronto, Canada and Regional Vice-President of Cancer Care Ontario for Toronto South. She recently completed a 10-year term as Professor and Chair of the Department of Radiation Oncology at the University of Toronto and Chief of the Radiation Medicine Program at Princess Margaret. Mary Gospodarowicz received her medical degree from the University of Toronto and holds specialty certifications in internal medicine, medical oncology, and radiation oncology. Her academic interests include clinical trials evaluating the role of radiation therapy in lymphomas, prostate cancer, bladder cancer, and testis cancer. Currently, her major interest is in developing and implementing image guided precision radiotherapy at Princess Margaret. She is very interested in fostering the newly established survivorship clinical programs and research.
