Amuse-bouche: The Lancet Commission on Cancer *And* Health System

November 14th
4:00 pm - 5:00 pm GMT

AGENDA

Time	Topic	Description	Speakers
4:00 - 4:15	The Cancer And Health Systems Approach	Highlight how addressing cancer-specific challenges can simultaneously strengthen health systems.	Mary Gospodarowicz
4:15 - 4:30	Cancer Burden	Focusing on redefining our understanding of its complexity and how this should shape desired outcomes. We will introduce a global collaborative study capturing people's perspectives of the cancer burden using an interactive online dashboard.	CS Pramesh
4:30 - 4:45	A Value Approach to Investing in Cancer	Analyse the global and multi-dimensional costs and benefits of reducing the cancer burden with data from a pilot study in Mexico and Peru for select cancers covering out-of-pocket expenses and the value of alleviating suffering.	Felicia Knaul
4:45 - 5:00	Q&A		All
