

UMIA Climate, Environment, and Resilience Lunchtime Chat:

**Social and Human Dimensions of Climate Change: Lessons Learned from
Central Abaco Communities in the Aftermath of Hurricane Dorian**

Tuesday, April 28, 12:15 - 1:15 PM EDT

[CLICK HERE TO JOIN THE WEBINAR](#)

This conversation will emphasize the perspectives and voices of medical staff and community members who have experienced the strongest and most life-threatening Hurricane the Bahamas has ever known.

SPEAKER: *Didi Bertrand Farmer, Managing Director, Hurricane Dorian Bahamas Relief and Recovery Efforts, University of Miami.*

MODERATOR: *Sonia R. Chao, Research Associate Professor, School of Architecture, University of Miami.*
